The fine print . . .

*The original cost of the 2008/09 Season Package will be figured on scheduled games, and will be adjusted according to the actual games played at the end of the season. Additional games, not included with the season schedule, will be available for the \$3.00 + sales tax per game price for the 2008/09 Season Package customers.

All video is recorded in wide screen format. We use "high quality" settings when copying to DVD's.

Even though we *plan* to be at every game to record it, we cannot guarantee there will be no illness, injury or other incident beyond our control that will keep us from attending. If that were to happen, we will refund/adjust costs accordingly.

You must contact us within five (5) business days of receiving your DVD(s) if there is a problem with it. If the DVD(s) is found to be defective, you must return the defective DVD when we deliver the replacement DVD.
